

Nguyễn Đức Lâm

BACKEND DEVELOPER

☎ 0977336508 ✉ Lamnd31081998@gmail.com 🔗 www.linkedin.com/in/lamnd31081998 📍 Ho Chi Minh City, Vietnam

ADDITIONAL INFORMATION

- I am living in Ho Chi Minh now but I can relocate to workplace without any problem
- I have a small Github with some getting started project I start in some last several weeks, and you can watch this in attach link below:
<https://github.com/lamnd31081998>

OBJECTIVE

I have 3 years experience as Backend Developer. Proficient in detect and solving problem, making RESTful API with NodeJS (and specific is NestJS) and doing some automation function with Trigger of MongoDB. Desire to work at Backend Developer, Faboshop company to contribute to the company's system stable increase. In the future, I will continue to get knowledge about Backend and I hope I will have a chance to learning Frontend to become a Fullstack Developer

EDUCATION

Thuyloi University 09/2016 - 03/2021

Major: Information Technology

SKILLS

Solving Problem	Fast detect and fixbug when problem has raised
Logical Thinking	Easy to understanding request from Leader to develop features
English	Can communicate and read documents but with limit
Teamwork	Can collaborate with other members to develop features without difficult

WORK EXPERIENCE

Faboshop Co., Ltd 03/2022 - Now

Backend Developer

- Working on an application to support clients for creating orders from Facebook
- + Position in the project: Backend Developer
- + Technologies used: Git, NestJS, NodeJS, MongoDB, Docker, Elasticsearch, Postgres
